HOMEOWNERS/WATER ASSOCIATION:

Special thanks to the individuals who helped on the workday on Saturday, November 18th. Another workday may be needed next Spring before the seedlings can be planted.

For those of you who have noticed, the lovely evergreens north of the water tower were planted by Champion Development on Lot 23. They are also considering building a spec house on that lot in the Spring.

Considering the need for a possible second well in the future, Farnsworth & Wylie has been contacted to prepare a feasibility study to be completed in the Spring.

Unfortunately our first annual Christmas Walk didn't happen this year as we hoped. However, there are numerous families that want to participate in this event so we will try for our first annual Christmas Walk next year.

HAVE A VERY MERRY CHRISTMAS & A HAPPY NEW YEAR!
